SSC ONLINE EXAMINATION

CANDIDATE RESPONSE SHEET/GRIEVANCE SYSTEM

Exam Level	:	Combined Graduate Level Examination, 2026
Test Date	:	22 Oct 2026
Test Time and Shift	:	05:00 PM (Shift-3)

Correct Option (official answer key)

PART-A (General Intelligence and Reasoning)

Q.No: 1	Choose the option that has the same relationship with the third term as the second term has with the first. SP:1916::NT:
	2014
■	1420
	1220
	1920

Q.No: 2	some of the equations are provided below with symbols and mathematical relations you have to check which of the following combination is correct If A ○ B = $(A + B)^3 - (A - B)^3$, find 2 ○ 1.
	18
	20
	24
■	26

Q.No: 3	In each question below, a word is given in capital letters. After this, four words are given as options, out of which only one word cannot be formed using the letters of the original word. How many meaningful words can be formed using all the letters of the word **'TRAIL'**?

	Two
	One
	None
	More than three

Q.No: 4	Some social issues, problem and their solution are provided to you as a statement you have to mark the logical action that can be taken under these conditions. During a family gathering, a relative makes a comment that creates awkward tension in the room. Your best approach is to:
	Confront them directly about the inappropriate comment
	Pretend nothing happened and change the subject smoothly
	Leave the room to avoid the awkwardness
	Make a joke at their expense to deflect the tension

Q.No: 5	Direction: Study the statement and determine which of the given conclusions logically follows. Statement: The university upgraded laboratory facilities after several departments reported difficulties conducting advanced experiments with outdated equipment. Conclusions: I. All departments in the university lacked proper laboratory equipment. II. Upgrading laboratory facilities alone ensures successful research outcomes.
	Only I follows
	Only II follows
	Both follow
	Neither follows

Q.No: 6	Analyze the given number series and choose the number from the options that correctly replaces the question mark (?). 7 , 25 , 61 , 121 , ?
	201
	211
	221
	231

Q.No: 7	Find the missing number in the following series: 15, 15, 18, ?, 41, 65
	22
	26
	24
	28

Q.No: 8	In the following question, a matrix of numbers is given. These numbers follow a certain pattern either row-wise or column-wise. Identify this pattern and choose the missing number accordingly. 3 2 6 11 10 8 112 ? 28
	48

	100
	96
	84

Q.No: 9	Select the odd number pair from the given alternatives.
	52, 2754
	48, 2352
	36, 1332
	29, 870

Q.No: 10	**Choose the option which is exactly similar to:** 10-10-2026, 99/A, Lotus Apartments, Indiranagar, Bengaluru-560038
	10-10-2026, 99/B, Lotus Apartments, Indiranagar, Bengaluru-560038
	01-10-2026, 99/A, Lotus Apartments, Indiranagar, Bengaluru-560038
	10-01-2026, 99/A, Lotus Apartments, Indiranagar, Bengaluru-560038
	10-10-2026, 99/A, Lotus Apartments, Indiranagar, Bengaluru-560038

Q.No: 11	If the expression 48 ☐ 12 ☐ 4 ☐ 3 ☐ 19 is to be made a valid equation by filling the boxes with a sequence of mathematical operators, which of the given options gives the correct arrangement?
	÷, ×, +, =
	−, ÷, ×, =
	÷, +, ×, =
	+, ÷, −, =

Q.No: 12	Read the statement carefully and assume it to be true. Then examine the two conclusions given below it and decide which conclusion(s), if any, logically follow from the statement. **Statement:** A good voice is a natural talent, but continuous practice is necessary to improve and achieve excellence in the field of music. **Conclusions:** I. Natural gifts need nurturing & care. II. Even though your voice is not good, one can keep practising.
	Only Conclusion I follows
	Both Conclusions I and II follow
	Only Conclusion II follows
	Neither conclusion I nor II follows

Q.No: 13	In the following question a statement is given followed by some assumptions. Read the assumptions carefully and choose the appropriate option. **Statement:** Please inspect the community hall before allowing people to enter for the event. **Assumptions:** I. There may be safety issues in the hall. II. Ensuring people's safety is important.
	Only I is implicit.
	Only II is implicit.
	Neither I nor II is implicit.
	Both I and II are implicit.

Q.No: 14	In the following question, one statement is given, followed by certain inferences. Consider the statement to be true even if it seems to contradict commonly known facts. Read the inferences carefully and decide which of them logically follow from the given statement. **Statement:** The municipal authority has launched a tree-plantation campaign across the city to improve green cover and enhance environmental sustainability. **Inferences:** I. The authority believes increasing green cover can benefit the environment. II. All environmental problems in the city will disappear because of the campaign. III. The city currently has no trees at all.
	Only Inferences I and II follow.
	Only Inference III follows.
	Only Inference I follows.
	Only Inferences I and III follow.

Q.No: 15	In the following question, one statement is given, followed by certain inferences. Consider the statement to be true even if it seems to contradict commonly known facts. Read the inferences carefully and decide which of them logically follow from the given statement. **Statement:** Several banks have started implementing artificial intelligence-based systems to monitor and detect suspicious financial transactions in response to a significant rise in fraud incidents over the past few years. **Inferences:** I. Banks believe artificial intelligence can help identify fraudulent activities. II. Financial fraud has become a concern for banks. III. Financial fraud cannot occur in banks using artificial intelligence.
	Only Inference III follows.
	Only Inferences I and III follow.
	Only Inferences I and II follow.
	Only Inference II follows.

Q.No: 16	A highly skilled employee is known for delivering excellent technical results but reacts with immediate defensiveness and anger whenever performance feedback is provided. Consequently, team members have completely stopped sharing operational concerns with them because discussions become highly uncomfortable. The employee is entirely unaware of this pattern, believing their interactions are normal. What course of action by the manager demonstrates the highest level of emotional intelligence (EQ)?
	Discontinue providing constructive feedback altogether to maintain a peaceful, conflict-free environment.
	Focus exclusively on their individual technical metrics and ignore the team's interpersonal friction.
	Instruct other team members to be less sensitive and adapt to the high performer's reactions.
	Meet privately to share neutral behavioral observations, explain the impact on collaboration, and preserve their dignity.

Q.No: 17

Which of the following rows/columns are connected/related with each other in some way?

Rows	Columns				
	I	II	III	IV	V
1	12	8	17	19	31
2	14	10	19	23	36
3	16	12	21	30	41
4	18	14	23	35	46
5	20	16	25	40	51

- Columns I, III and IV
- Columns I, II and III
- Columns III, IV and V
- Columns II, IV and V

Q.No: 18

In a certain code language, "ELEPHANT" is written as "5lePHA14T". How will "HOSPITAL" be written in the same code language?

- 8osPIT12L
- 8OSPIT1L
- 8osPIT1L
- 7osPIT1L

Q.No: 19	In the following question two statements are given and these statements are followed by two conclusions. You have to take the given two statements to be true even if they seem to be at variance from commonly known facts. Read the conclusions and then decide which of the given conclusions logically follows from the two given statements. **Statements:** All players are athletes. All athletes are fit. **Conclusions:** I. Some athletes are players. II. Some fit persons are players.
	Only conclusion I follows
	Both conclusions I and II follow
	Neither conclusion I nor conclusion II follows
	Only conclusion II follows

Q.No: 20	**Read the criteria given for a position along with some exceptions and then decide what decision should be taken for the case given.** **The following are the requirements for recruiting in Precision Cast Industries, Ludhiana:** A. At least 75% in class 10th and 12th. B. At least 70% in Mechanical or Civil Engineering. C. Age not more than 25 years as on October 09, 2017. D. At least 60% in selection test. E. CAD course from a reputed institute. **Exception 1:** Fails only C + more than 1 year experience at a reputed company → Refer to Managing Director. **Exception 2:** Fails only E + willing to pay ₹35,000 or more + at least 75% in graduation → Refer to Chairman. **Case:** Karan scored 81% in class 10th and 78% in class 12th. He graduated with 75% in Mechanical Engineering. He scored 60% in the selection test. He has NOT completed a CAD course but is willing to pay ₹50,000. He was born on 08/10/1992 and has no work experience. What will be decided in his case?
	Refer to the Managing Director.
	Refer to the Chairman.
	Candidate is selected.
	Candidate is not selected.

Q.No: 21	Saradi is organizing a holiday for her grandparents, who value comfort, cultural exploration, and visits to historically significant landmarks. Owing to their advanced age, they are unable to undertake extensive walking or physically demanding activities. Considering these preferences and limitations, which of the following travel options would be the most appropriate?
	A challenging mountain trekking expedition involving long-distance hikes and rugged terrain.
	A guided heritage-city tour that includes comfortable transportation and visits to prominent historical sites.
	A wilderness camping experience in a remote forest setting.
	An adventure-tour package featuring activities such as rock climbing, rafting, and zip-lining.

Q.No: 22	A railway authority has increased the number of ticket counters at busy stations to reduce passenger waiting times. Which assumption underlies this decision?
	Most passengers prefer using digital or mobile ticketing platforms over physical counters when traveling through busy railway stations.
	Increasing the number of service counters can help distribute passenger demand and shorten waiting queues.
	Every passenger will choose staffed ticket counters instead of using alternative booking methods whenever available.
	Passenger dissatisfaction arises only from ticket queues and not from any other travel-related issues.

Q.No: 23	A telecom operator automatically upgrades a customer to the premium plan if their monthly data usage exceeds 50GB in each of 3 consecutive months, provided there are no overdue payments. A customer uses 55GB, 52GB, and 48GB over three consecutive months, and has no overdue payments. What is the customer's upgrade status?

	Auto-upgraded to premium
	Upgraded starting next month only
	Customer must apply manually to upgrade
	Not upgraded

Q.No: 24	Find the next letter pair in the following sequence. CE, FH, IK, LN, OQ, RT, ___?
	UW
	VX
	UX
	VW

Q.No: 25	In each of the following questions, four options have been given, of which three are alike in some way and one is different. Choose the odd one out.
	Egypt – Cairo – Pound
	Lebanon – Beirut – Pound
	Jordan – Amman – Dirham

	Syria – Damascus – Pound

PART-B (General Awareness)

Q.No: 26	Which geographical feature separates the Andaman Islands from the Nicobar Islands?
	The 8 Degree Channel
	The 9 Degree Channel
	The 10 Degree Channel
	Duncan Passage

Q.No: 27	What powers does the Supreme Court possess as a "Court of Record" under Article 129 of the Indian Constitution?
	Power to punish for contempt
	Power to appoint lower judges
	Power to create federal laws
	Power to dissolve the Parliament

Q.No: 28	What is the commercial unit used for measuring electrical energy?
	Kilowatt second

	Calorie
	Kilowatt hour
	Joule

Q.No: 29	In which of the following mediums do sound waves travel fastest at a given temperature?
	Solid materials
	Liquid substances
	Gaseous mediums
	A perfect vacuum

Q.No: 30	The power of the Supreme Court of India to pass orders for doing “complete justice” is provided under which Article of the Constitution of India?
	Article 136
	Article 137
	Article 141
	Article 142

Q.No: 31	Which mineral is found in large quantities in the Amarkantak plateau of Chhattisgarh?
	Coal
	Bauxite
	Iron Ore
	Manganese

Q.No: 32	Who became the first athlete from independent India to win an individual Olympic medal at the 1952 Helsinki Olympic Games?
	K.D. Jadhav
	Milkha Singh
	Abhinav Bindra
	Leander Paes

Q.No: 33	Nikhat Zareen, who won a gold medal at the 2022 Commonwealth Games, is associated with which sport?
	Wrestling
	Boxing

	Archery
	Shooting

Q.No: 34	As of 2026, R. Venkataramani holds which top legal office in India?
	Solicitor General of India
	Attorney General of India
	Chief Justice of India
	Advocate General of India

Q.No: 35	Which temple hosts the annual Chikhal Kalo (mud festival) celebration in Goa?
	Devki Krishna temple
	Mangeshi Shiva temple
	Shanta Durga temple
	Mahalasa Narayani temple

Q.No: 36	Which ritual practice was common among all early Indo-European peoples?
	Direct sea burials
	Monotheistic worship
	Animal sacrifice
	Iron tool making

Q.No: 37	Who was the President of India during whose tenure the “One Nation, One Election” legislative roadmap was presented to Parliament in March 2026?
	Droupadi Murmu
	Jagdeep Dhankhar
	Om Birla
	Narendra Modi

Q.No: 38	Mission Vatsalya, launched by India's Ministry of Women and Child Development, is primarily focused on which of the following areas?
	Higher education for girl children
	Child protection and welfare services

	Maternal and child healthcare services
	Women's education and skill development

Q.No: 39	Which ministry is the nodal ministry for administering the PM Dhan-Dhaanya Krishi Yojana in India?
	Ministry of Rural Development
	Ministry of Agriculture & Farmers Welfare
	Ministry of Consumer Affairs, Food and Public Distribution
	Ministry of Chemicals and Fertilizers

Q.No: 40	Which BRICS (Brazil, Russia, India, China, and South Africa) country has the strongest demographic advantage because of its large youthful population?
	China
	Russia
	Brazil
	India

Q.No: 41	A clerk employed temporarily for a single day to carry confidential court files intentionally destroys one of the files. Which of the following is the most legally accurate statement under the Bharatiya Nyaya Sanhita, 2023 in India?
	He is not considered a clerk because his employment was temporary.
	He is considered a public servant only if formally appointed by the government.
	He may still fall within the meaning of 'clerk' or 'servant' under the general explanations.
	He cannot be punished because temporary workers are excluded from criminal liability.

Q.No: 42	A prosecution relates to an offence punishable with imprisonment for life. Which authority under the Directorate of Prosecution has the primary statutory duty to monitor such cases and advise on filing appeals under the Bharatiya Nagarik Suraksha Sanhita, 2023 in India?
	Assistant Director of Prosecution
	Deputy Director of Prosecution
	Director of Prosecution
	District Magistrate

Q.No: 43	Who assumed office as the Chief of the Naval Staff of India in April 2024?
	Admiral R. Hari Kumar
	Admiral Karambir Singh

	Admiral Dinesh K Tripathi
	Admiral Sunil Lanba

Q.No: 44	Which of the following wildlife sanctuaries in Kerala was officially renamed as Kerala's first Butterfly Sanctuary in 2026?
	Aralam Wildlife Sanctuary
	Silent Valley Wildlife Sanctuary
	Wayanad Wildlife Sanctuary
	Parambikulam Wildlife Sanctuary

Q.No: 45	What does Overseas Direct Investment (ODI) by Indian firms primarily indicate?
	Decline in competitiveness
	Restriction on capital flows
	Expansion of corporate presence abroad
	Dependence solely on domestic markets

Q.No: 46	Which of the following best describes the Business Reform Action Plan (BRAP)?
	A framework for assessing business related judicial reforms implemented by States and Union Territories
	A framework for assessing business related taxation reforms implemented by States and Union Territories
	A framework for assessing business related constitutional reforms implemented by States and Union Territories
	A framework for assessing business regulatory reforms implemented by States and Union Territories

Q.No: 47	According to the World Happiness Report 2026, what was the approximate ratio of countries recording statistically significant gains in life evaluation to those recording significant losses between the 2006–2010 base period and 2023–2025?
	1:1
	2:1
	3:1
	4:1

Q.No: 48	Which of the following organizations is an official publishing partner of the World Happiness Report?
	Organization for Economic Cooperation and Development (OECD)
	United Nations Sustainable Development Solutions Network (UN SDSN)

	World Trade Organization (WTO)
	United Nations Educational, Scientific and Cultural Organization (UNESCO)

Q.No: 49	In biodiversity conservation, why is the preservation of wild relatives of crop plants considered strategically important?
	They are aesthetically valuable tourist attractions.
	They reduce dependence on forests for timber.
	They provide useful genes for crop improvement.
	They stabilize marine food chains.

Q.No: 50	Which of the following bird-group classifications is correct?
	Ducks and geese → wading birds
	Stilts and sandpipers → swimming birds
	Gulls and terns → seabirds
	Herons and cranes → desert birds

PART-C (Quantitative Aptitude)

Q.No: 51	The digits of a two-digit number have a ratio of 2 : 3, and when the digits are swapped, the resulting number is 27 greater than the original number. What is the original number?
	46
	69
	22
	14

Q.No: 52	A right square pyramid of volume 500 cm^3 is scaled up by 20% in all dimensions. What is its new volume?
	720 cm^3
	915 cm^3
	864 cm^3
	908 cm^3

Q.No: 53	Convert -90° to radians.
	-π/2
	-π
	-π/7
	-π/42

Q.No: 54	What is the value of $(1 + \tan^2\theta) \times \cos^2\theta$?
	1
	$\sin^2\theta$
	$\sec^2\theta$
	$\tan^2\theta$

Q.No: 55	If the 6-digit number 5z3x4y is divisible by 7, 11, and 13, then what is the value of (x + y - z)?
	1
	2
	8
	4

Q.No: 56	If x: y: z = 3: 5: 7 and x + y + z = 75, find the value of y.
	35
	20
	40
	25

Q.No: 57	The value of a sum of ₹6,400 increases to ₹8,100 in 2 years under compound interest. Calculate the rate of interest per annum.
	15.5%

	8.5%
	12.5%
	5.5%

Q.No: 58	A building is 150 m high. The angles of depression of two points on the same line are 45° and 60°. Find the approximate distance between them. Use($\sqrt{3}$=1.732)
	69 m
	56 m
	63 m
	72 m

Q.No: 59	In a trapezium, the lengths of the parallel sides are in the ratio 3:2. If the area of the trapezium is 450 cm^2 and the height between the parallel sides is 15 cm, find the difference between the lengths of the parallel sides.
	12 cm
	15 cm
	18 cm
	24 cm

Q.No: 60	Solve for x: $\frac{\sqrt{a+x}+\sqrt{a-x}}{\sqrt{a+x}-\sqrt{a-x}} = k$
	$\frac{2ak}{k^2+1}$
	$\frac{2ak}{k^2-1}$
	$\frac{ak}{k^2+1}$
	$\frac{ak}{k^2-1}$

Q.No: 61	If $\frac{\sqrt{x+1}+\sqrt{x-1}}{\sqrt{x+1}-\sqrt{x-1}} = 3$, then find the value of x.
	$\frac{1}{2}$
	$\frac{5}{3}$
	$\frac{3}{4}$
	$\frac{7}{8}$

Q.No: 62	A perpendicular of length 12 cm is drawn from the centre of a circle to a chord of length 70 cm. Find the diameter of the circle.
	28 cm
	35 cm
	37 cm
	74 cm

Q.No: 63	A hemispherical dome is to be covered with gold leaf at the rate of ₹5 per 100 cm^2. The circumference of the base is 44 m. Find the cost of gilding. (Use $\pi = \frac{22}{7}$)
	₹1,76,100
	₹1,54,000
	₹1,64,250
	₹1,47,100

Q.No: 64	The set of computable real numbers is:
	Equal to R
	Equal to Q

	A countable dense subfield of R
	An uncountable proper subset of R

Q.No: 65	A certain positive number equals 0.9801 when squared. What is the number?
	0.975
	0.95
	0.99
	1.01

Q.No: 66	A shipping company invested ₹25,00,000. One-fifth was invested at 8% simple interest per annum, two-fifths at 10% simple interest per annum, and the remainder at 12% simple interest per annum. Find the total interest generated over 7 years.
	₹17,30,000
	₹18,20,000
	₹16,25,000
	₹15,50,000

Q.No: 67	Basket A contains chits of four different colours - pink, violet, green and blue in the ratio 2 : 3 : 7 : 9, respectively, while basket B contains chits in the ratio 5 : 6 : 3 : 10 (colours being in the same mentioned order), respectively. All the chits in these two baskets are mixed and kept in a third basket C. If there are 54 green chits and 42 violet chits in C, find the number of pink chits in basket A and the number of blue chits in basket B before the transfer, respectively.
	20, 54
	20, 40
	12, 54
	12, 40

Q.No: 68	If A and B are acute angles such that $tanA \cdot tanB = 1$, what is the value of $A + B$?
	0°
	90°
	180°
	270°

Q.No: 69	A wheel rotates through $4\frac{2}{3}$ revolutions. Express this total rotation in degrees.
	840°

	1560°
	1680°
	1920°

Q.No: 70	Simplify: cot A + tan(90° − A)
	$\tan^2 A$
	2 cot A
	cot A
	tan A

Q.No: 71	If $x^2 + y^2 = 29$ and $x + y = 7$, what is the value of $(x - y)^2$?
	5
	9
	25
	49

Q.No: 72	Two tangents drawn from an external point to a circle form an angle of 110°. The angle subtended at the center by the radii through the points of contact is:
	40°
	60°
	70°
	90°

Q.No: 73	In $\triangle ABC$, AD and BE are medians intersecting at G. A line is drawn through G parallel to AC, meeting AB at P and BC at Q. If AC = 18 units, find the length of PQ.
	9 units
	10 units
	12 units
	15 units

Q.No: 74	A conveyor belt runs tightly around two circular wheels in an open configuration. The radii of the wheels are 15 cm and 6 cm, while the distance between their centers is 41 cm. Find the length of the straight section of the belt between the two wheels.
	40 cm

	41 cm
	35 cm
	60 cm

Q.No: 75	Forty workers working 6 hours a day complete one-fifth of a work in the first 7 days. Work then stops completely for 3 days. When work resumes, only 28 of the original workers return. Every returning or newly added worker is 25% more efficient than during the first stage and works 8 hours a day. How many new workers must be added so that the work is completed by the original 22-day deadline?
	24 workers
	26 workers
	28 workers
	30 workers

PART-D (English Comprehension)

Q.No: 76	Convert the below given indirect speech into direct speech appropriately: He said that he would come to the party tomorrow.
	He said, "I want to come to the party tomorrow".
	He said, "I may come to the party tomorrow".
	He said, "I am coming to the party tomorrow".
	He said, "I will come to the party tomorrow".

Q.No: 77	Four parts of a sentence are given below in a jumbled order. When arranged correctly, they form a complete and meaningful sentence. While multiple combinations may appear grammatically correct, choose the one that best conveys the intended meaning as per the given options. A) to support artisans B) the Ministry of Textiles C) launched a scheme D) in traditional handloom clusters
	A-D-B-C
	C-B-A-D
	B-C-A-D
	B-A-C-D

Q.No: 78	Four parts of a sentence are given below in a jumbled order. When arranged correctly, they form a complete and meaningful sentence. While multiple combinations may appear grammatically correct, choose the one that best conveys the intended meaning as per the given options. A) continues to face challenges B) in post-harvest storage C) India D) despite increased grain production
	B-C-A-D
	D-B-C-A
	C-D-A-B
	C-A-D-B

Q.No: 79	Which of the following sentences uses the correct collocation?
	The judge delivered justice swiftly and efficiently
	The minister made a quick decision on the proposal
	The committee took a strong step towards reform
	The officer made a large mistake in his report

Q.No: 80	Read the passage below carefully and answer the questions that follow. Each question is based on the information provided in the passage. Ensure that you answer according to the content of the passage. The Mahatma Gandhi National Rural Employment Guarantee Act (MNREGA) is a social security scheme guaranteeing 100 days of paid work annually to rural households. It is a lifeline during agricultural off-seasons and in times of economic stress. MNREGA work typically includes land development, irrigation, and road repair. The program is demand-driven, meaning jobs are provided when people request them. In states like Rajasthan and Chhattisgarh, MNREGA has helped reduce migration to cities. Critics, however, raise concerns over delayed wage payments and corruption in fund disbursal. To enhance transparency, digital attendance systems and direct bank transfers have been introduced. What does MNREGA guarantee?
	Free ration

	100 days of paid rural work
	Free education for all
	Loans for farming

Q.No: 81	Read the passage below carefully and answer the questions that follow. Each question is based on the information provided in the passage. Ensure that you answer according to the content of the passage. The Mahatma Gandhi National Rural Employment Guarantee Act (MNREGA) is a social security scheme guaranteeing 100 days of paid work annually to rural households. It is a lifeline during agricultural off-seasons and in times of economic stress. MNREGA work typically includes land development, irrigation, and road repair. The program is demand-driven, meaning jobs are provided when people request them. In states like Rajasthan and Chhattisgarh, MNREGA has helped reduce migration to cities. Critics, however, raise concerns over delayed wage payments and corruption in fund disbursal. To enhance transparency, digital attendance systems and direct bank transfers have been introduced. In which states has MNREGA helped reduce migration?
	Kerala and Goa
	Gujarat and Maharashtra
	Sikkim and Meghalaya
	Rajasthan and Chhattisgarh

Q.No: 82	Read the passage below carefully and answer the questions that follow. Each question is based on the information provided in the passage. Ensure that you answer according to the content of the passage. The Mahatma Gandhi National Rural Employment Guarantee Act (MNREGA) is a social security scheme guaranteeing 100 days of paid work annually to rural households. It is a lifeline during agricultural off-seasons and in times of economic stress. MNREGA work typically includes land development, irrigation, and road repair. The program is demand-driven, meaning jobs are provided when people request them. In states like Rajasthan and Chhattisgarh, MNREGA has helped reduce migration to cities. Critics, however, raise concerns over delayed wage payments and corruption in fund disbursal. To enhance transparency, digital attendance systems and direct bank transfers have been introduced. What is a criticism of MNREGA?
	It supports only cities
	Low enrolment of women
	Delayed payments and corruption

	High internet usage

Q.No: 83	Read the passage below carefully and answer the questions that follow. Each question is based on the information provided in the passage. Ensure that you answer according to the content of the passage.
